

2020-2021

*Shelle's Twelve Days of
Christmas - New Years*

My pet, I want you to spend another happy Christmas with Me in spite of this terrible pandemic W/we are all living through.

W/we will celebrate O/our love and affection for each other, particularly how thankful W/we are for the unique Domme-slave relationship W/we've nurtured. Each year W/we are together it only grows stronger and more fulfilling, fed by your amazing love and devotion to Me.

This Christmas W/we may not have the opportunity to be with all those close to U/us, because of COVID-19, but wherever you reside, know you are a trance away from visiting My Erotic Hypno-World, a sanctuary for your open suggestible mind where I can further your submissive, subservient, training.

WELCOME!

Twas the night before Christmas and all through My Castle

Not a subject was stirring, they wanted no hassle.

My black stockings with garters were hung by the chimney with care,

*In hopes that **Santa Shelle** in garters soon would be there.*

The good boys and girls were aroused, snug in their beds.

*While visions of **Domina Shelle** danced in their heads.*

So here, I am you giving you My 12-days of Christmas. This is to fit into your life, as best it can, with all your other daily obligations and responsibilities.

As you complete each day's task, I want you to reflect how much My control and authority has grown this year over you. Willingly or not, your body, mind, and will have all surrendered to your Domina and I am the center of your world now.

This slave training is another step on your journey into real submission to a powerful Dominant, so take a moment to imagine now how much deeper you will be enslaved to your Princess Owner. Predestined to be My forever slave I will cage your will and remove all thoughts of independence and you become more desperate for My guidance and attention.

The TRUTH is you will become more obsessed with Me in 2021 trapped in adoration and Love for My domination and control. I am eager to sate your increased desire for Me so let's begin...

M Y T W E L V E D A Y S

O F C H R I S T I M A S

MANTRA TWICE EVERYDAY

Recite the following twice daily in honor of Me:

you are my Absolute Authority.

Submission to Your control makes me weak, happy and obedient.

i live in submission and obedience to all Your instructions.

Obedience to your control keeps me aroused and wanting to please You.

You have taught me the pleasure of serving as Your obedient slave.

i offer You My mind, body and will to make me Yours, forever.

i live to serve, love and obey my Domina Shelle.

Let me take care of You like You take care of Your devoted slave.

DAY 1 - 24th December (Thursday)

Santa Shelle is ready for a big day, tomorrow. So embrace the seasonal spirit of goodwill and generosity, even if this is not a Holiday you celebrate. Everyone appreciates sincere kindness and benevolence.

As a token, give a donation to a needy person or a group in your town that cares for the less fortunate. Alternatively, make a contribution, in My name, to **St. Jude's Children's Hospital** in Tennessee, My favorite charity for Christmas. When I was younger, I had always thought I might work there one day.

Make sure you have something for all the important people in your life even if it is a kind word or some of your valued time.
